

ORANGE GROVE HORSE AND PONY CLUB

LOG BOOKS

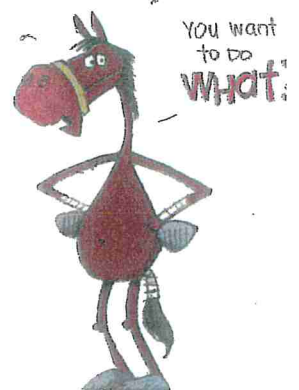

Your log book is very important as it is a diary of everything you do and learn. Every rally you should hand in your log book for marking. You also need them during your lecture at the rally. Please set out your log book in the following way and remember it is worth 10 points per rally going towards end of year trophy points.

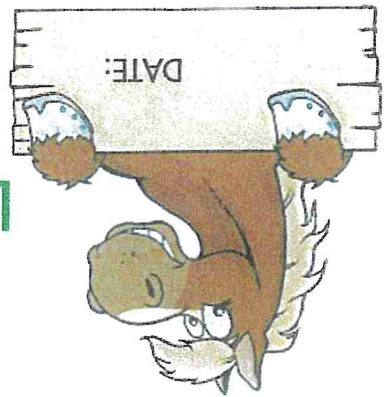

1. **INDEX** :- Every book should have an index. This is a 'table of contents' listing what each section is. Each section will be separated by a divider. The dividers are not the index. This is worth 1 point every rally just by having an INDEX !
2. **NEW WORK** :- At the front of your folder please, please have a section for new work to be marked. This makes it much easier than searching through your log book - we might not find your work ! After each rally please file away ALL marked work into your divided sections.
3. **DIVIDERS** :- It is up to you how you divide up your work. Here are some examples of how you can name your sections:
Eg :- 1. Index 2. New work 3. Rally reports 4. Closed Gymkhanas
5. My pony and I 6. Events etc.
4. **RALLY REPORTS** :- After each rally you should write about what happened at the rally. This is a really good way of remembering what you have been taught. You can also use photos or drawings for the younger kids who can't write yet. By handing this in you will get 2 points ! The March rally should include a report from Nov: rally for old members.
5. **ADDITIONAL INFORMATION** :- You earn yourself 5 points for any additional information you hand in. You can write about anything such as shows, taking your horse to the beach, playing with him in the paddock etc. You do NOT get points for anything printed off the internet or hand outs from rallies. Please put an effort into this section to earn the full marks.
6. **PRESENTATION** :- Please keep your log books tidy and in order. To help keep them tidier take out previous years work and store them safely at home. Don't forget to file away any work that has been marked. You will earn 1 point for a tidy log book.
7. **HANDING IT IN** :- You earn 1 point just for handing your log book in on the day of the rally.

Enjoy your year at pony club and lets see some interesting reports.
